San Isidro, Cabuyao City, Laguna

EDUCATION

College | 2022 – Present
Mapúa Malayan Colleges Laguna
Bachelor of Science in Information Technology

Senior Highschool | 2020 – 2022
St. Jerome Integrated School of Cabuyao
STEM Strand

Junior Highschool | 2016 – 2020
St. Jerome Integrated School of Cabuyao

PROJECTS

Mobile GPS Tracker using Arduino/Wemos | Nov 2025
Platform Technologies Course Project

- Developed an IoT-based anti-theft tracking system using Wemos and Arduino for real-time location monitoring
- Integrated GPS and accelerometer sensors to detect movement and track geolocation accurately
- Built a companion application that sends notifications and displays live location updates
- Implemented a SQL database to store and manage tracking data and movement history
- Designed the system to enhance security by providing alerts during unauthorized movement

SiguraDocs: A Secure Web-Based and Mobile App Certificates and Records Management System | Dec 2025 – Feb 2026
Capstone Project

- Developed a web-based system for secure issuance and management of barangay certificates and records
- Implemented role-based access control for admins, staff, and residents to ensure proper system authorization
- Integrated QR code verification and cryptographic security features (ECDSA, SHA-256 hashing, hash-chaining) to prevent document tampering
- Designed modules for document creation, record storage, and retrieval to streamline barangay workflows
- Applied encryption, audit trails, and authentication mechanisms to enhance data security and accountability

WORK EXPERIENCE

Toshiba Information Equipment Phils. Inc
Dashboard Web Developer / IT Support (OJT)

- Developed and enhanced modules of the Dashboard system using PHP, JavaScript, and MySQL, while gaining hands-on experience in Linux administration, networking, and hardware troubleshooting.

CERTIFICATES

Google Cloud Computing Foundations | 2025
Google Cloud

Python Course Completion | 2022
CodeChum

CCNA: Introduction to Networks | 2025
Cisco Networking Academy

Google Cloud Cybersecurity
Google Cloud

SKILLS

- Programming: Python, C#, HTML/CSS, PHP, C++
- Frameworks & Mobile: Jetpack Compose, Ktor
- Databases & Servers: MySQL/SQL, Oracle, XAMPP, RHEL (Red Hat Enterprise Linux)
- Hardware & IoT: Arduino Uno, Wemos, GPS, and Environmental Sensors
